VLSI FIRST
DELIVERING THE EXCELLENCE

TO WHOMSOEVER IT MAY CONCERN

This is to certify that **Toshiv Kumar** successfully completed an internship in **Physical Design** at **VLSI FIRST** for a period of **two months**, from **20 May 2026 to 20 July 2026**.

During the internship, the student actively participated in learning and working on various aspects of **ASIC Physical Design**, including industry-standard design methodologies, synthesis using **Cadence Genus**, and **Place-and-Route (PnR)** project implementation. The student gained hands-on experience in the physical design flow, including synthesis, floorplanning, placement, clock tree synthesis (CTS), routing, timing analysis, and physical verification through project-based learning.

The student demonstrated dedication, enthusiasm, and a willingness to learn throughout the internship period. Their commitment and proactive approach contributed positively to the learning environment and assigned tasks.

We appreciate the efforts and commitment shown by the student and wish them every success in their future academic and professional endeavors.
